Contest Rules:

- There will be 3 divisions: Novice (11 and under), Junior (12-14), and Senior (15-19)
- Novice participants may join their county Junior team if they prefer.
- Participants must not have completed any animal science classes at the collegiate level.
- Each team will consist of 3-4 members. On a 4 person team the lowest score will be dropped. Station 5 will be the tie-breaker.
- Everyone can compete as an individual. If you do not have a team we will do our best to put you on one.
- Teams will be made the day of the contest for those who do not have a county or group team.
- Please fill out a different entry form for each age group, even if you do not have enough to fill a team.
- The contest will consist of several different stations. Each contestant will attend every station where they will answer multiple questions. Combined totals from these stations will determine your score.
- Dairy Industry volunteers will be developing their stations, administering their portion of the contest, and grading participants scores. Some stations may require the participant to demonstrate how something is used, or to show a correct way to do a procedure. While much of the contest will be written answers, T/F, or multiple choice we hope to also have some hands on questions as well.
- Some subjects that may be covered are listed below. (contest not be limited to this list, any dairy related subject is possible)

- | | | |
|----------------------|---------------------|---------------|
| *Nutrition | *Calf Care | *Bull Proofs |
| *Reproduction | *Pedigrees | *Feed Storage |
| *Feed Identification | *Diseases | |
| *Milking Procedure | *Milk Quality | |
